SOLDIERS STOP OFF FOR SHORT VISIT HERE

Four Hundred Soldiers Spend a Short Time in Maysville Yesterday Morning to Rest From Long Trip.

Four hundred soldiers passing through the city to the east stopped off here yesterday morning for about an hour to take their regular morning physical exercise and for a jaunt through the streets. The men alighted from the train at the depot and there went through their physical exercises. They then marched to Sutton street and then over Sutton to Front and over Front to Market street where they again took the train.

The short visit of the soldiers was a great treat to the few people who were down town so early on Sunday morning and it is to be hoped that this stunt will be frequently repeated here.

A short time ago Mayor Thomas M. Russell wrote to Secretary Baker asking that the soldiers passing through Maysville be allowed to alight from the train at the depot and march through the streets to Carmel street again taking the train there. The mayor pointed out that Maysville seldom got to see a soldier and that the short march would be a great rest for the men. It is more than likely that in the future Maysville people will thus be able to see many companies of soldiers for just now there are many troop trains passing through this city.

ENTERTAIN FOR MRS. WATSON

The following is taken from the society columns of the Louisville Courier-Journal:

Mrs. Anna Crutcher entertained in her home on the Versailles place on Monday at a dinner party which she gave for Mrs. John Watson, of Maysville, who is the guest of her daughter, Mrs. Arthur Crutcher. Plates were placed for Mrs. Watson, Mrs. J. T. East, of Memphis, Tenn.; Mrs. Arthur Crutcher, Mr. and Mrs. B. C. Heath, of Midway; Misses Rose Watson, of Maysville; Louise Watson, Helen Warren, Mary South, Margaret and Endora Crutcher and the hostess. Pink and white sweet peas were used in the decorations.

THREE AUSTIN BOYS ARE NOW OVER THERE

Local Relatives are Proud of the Sons of Mr. Charles Austin, of Cincinnati, Three of Whom Serve Their Nation in Europe.

The following from the Cincinnati Post refers to the sons of Mr. Charles Austin, of Cincinnati, who are nephews of Mrs. Fannie Carver of Commerce street and Mr. William Outten of Second and Limestone streets:

The foreign mail to and from the home at 6606 East Ledge street, Madisonville, is quite extensive.

Letters are received there from France and from Italy. No less than three sons from that house are over there, as follows:

No. 1. Walter S. Austin is in the marines and has just written to his mother that he was gassed in the battle at Chateau-Thierry.

"It feels good to sleep between white sheets and upon a spring bed," he writes from the hospital. "The Germans were raising Cain, but the marines are holding them along our sector."

No. 2. Charles Austin is with the American engineers in Italy.

No. 3. William Austin is in the American army, but attached to the British expeditionary forces in France.

"I'll admit there are some places better than this," he writes, "but I'll smile and stick until it's over and won. It is a grand feeling when a fellow knows that the folk are behind him in everything; that they freely contribute to the Y. M. C. A. and the Red Cross and buy bonds without a murmur."

MAY SEE BEAUTIFUL PHENOMENON

A beautiful red glow in the northern skies last night attracted the attention of many people who awoke from their sleep to watch the beauties of the skies. Many say it was the most beautiful astral phenomenon seen here in recent years.

OFFICIAL BOARD MEETS

The regular monthly meeting of the Official Board of the Third Street M. E. Church will be held this evening at 7:30 at the church. The church officials are urged to be present.

TWO DAYLIGHT ROBBERIES ARE PULLED SUNDAY

Kilpp & Inner's Store and Wells' Restaurant Were Robbed Yesterday—Police Have Clues Indicating That Small Boys Are Responsible For One

Two very bold daylight robberies were reported to the police Sunday and the officers are now on the trail of the robbers at both places having clues that will in all probabilities lead to the early arrest of the thieves who are thought to be small boys.

The store of Kilpp & Inner in West Second street was entered Sunday morning and all of the money in the cash drawer—about two or three dollars was taken. Persons in the neighborhood say that about seven o'clock Sunday morning they saw three small boys upon the roof of the building but thought nothing of it and made no report of it. Shortly afterward a woman passing along the street in front of the store saw the boys inside the building and one of the boys, who has now been identified at the cash register. This lady reported the matter as soon as she could to the owner of the store and the police were then called but before they could reach the building the boys had made their escape and although the police were on their trail all day Sunday they were unable to locate and arrest them. All of the boys are local boys however and they will be eventually taken into custody.

Fred Wells' restaurant on Market street was also robbed late Sunday afternoon but this robbery does not bear the marks of juveniles. The police are of the opinion that they have been done by grown-ups and they have also picked up a good clue to this robbery which will likely lead to an arrest sometime today.

To gain an entrance to the Wells' restaurant a large staple locking the iron gate between the building formerly occupied by the Kroger grocery store and the building now occupied by the Maysville Tea and Coffee Company was pulled. The thief or thieves then entered the small passage way and walked to the rear of the restaurant. They then cut the screen on a back window and gained their entrance to the building. Leaving the building they unlocked the kitchen door from the inside.

Although the cash register sits in front of the room near the Market street window, it was opened and between twelve and fifteen dollars stolen. Besides the money several cigars were also taken.

On Saturday night Jake Caproni whose building adjoins that occupied by the Wells' Restaurant, saw a stranger walking on the roof of the Wells' building. He asked him what he wanted there and the stranger replied that he was looking for an empty bottle. The matter was not reported to the police until after the Wells' robbery but it is thought by the police to have some bearing on the stealing.

There seems to be a wave of small but bold robberies sweeping over the city and the officials are of the opinion that the most of it is chargeable to a band of boys who will likely be rounded up and given a thorough examination in Juvenile Court.

FAMILY REUNION

The home of Mrs. Sallie Graham in East Second street was the scene of a happy family reunion yesterday. For the first time in over twenty years every member of the family was present, together with their husbands, wives and children. The following were there: Mr. and Mrs. Blaine Graham and daughter and Harry Graham of St. Louis, Mo.; Mr. and Mrs. George Graham and daughter of Janesville, Wis.; Mr. and Mrs. Elmer Graham and son of Portsmouth, Ohio; Mr. and Mrs. Pickett Valentine and daughter, Miss Violet Valentine and the mother, Mrs. Sallie Graham of the city.

MADONIC MEETING

Maysville Lodge No. 52, F. & A. M. will meet tonight at 7:30 o'clock, Masonic Temple. Full attendance desired. Visiting brethren cordially invited.

C. E. DEITCH, W. M.

P. G. Smoot, Secretary.

SPEEDSTER FOR SALE

Hupmobile 20 H. P. runabout out down to speedster. In good running order and has four good tires. Price reasonable. Call at Ledger office.

Dr. H. B. Bailey, pastor of the local Baptist Church, has been elected a member of the Board of Directors of the Kentucky Baptist Young Peoples Union Assembly which meets annually at Georgetown College, Georgetown, Ky.

RESUMPTION OF GERMAN DRIVE THOUGHT NEAR

Events Near Out Relief That Germans Are About to Hurl Forces Against Allied Lines — Americans Ready to Resist Enemy.

With the American Army in France, July 7—Resumption of the German offensive against some part of the Allied line is believed to be near. For obvious reason it is impossible to go into the subject deeply, but it may be said that other reasons appear to bear out the statement that the Germans are again about to attack, besides the fact that the usual resting periods between attacks will have been concluded for all the enemy troops within the near future.

It may be said that there are three logical points for the enemy's attack—the Chateau Thierry region, the line north of Chalons and in the neighborhood of Abbeville, would be less costly for him, but in the former he would get less important territory than before Abbeville, where his loss would be heavier.

From the best information obtainable it appears that the Germans during the coming offensive, will have between thirty and forty divisions capable of participating in the attack.

The American forces are tonight resting on their arms, awaiting the enemy's offensive, and if it happens that the enemy starts against the positions held by the Americans, which seems rather likely, the American troops will give a good account of themselves.

While there have been local encounters of more or less local importance along the battle line in France, there has been little activity of significance in its bearing on the general tense situation from the North Sea to Switzerland.

On the British front east of Amiens, Australian detachments, with which American troops are brigaded, have pushed further east from the little village of Hamel, south of the Somme river. The Australians carried their line forward over a front of almost four miles at that point last Thursday. In their last assault they have surged ahead at the center of the new front, which they created last week. The operation was successful, in that objectives were reached and the positions taken are being held by the men from the Antipodes.

NEW AUTO BEARSE IS PURCHASED

Higgins & Slattery, local undertakers, have just purchased a beautiful new automobile hearse which will be delivered in a short time. The addition of this up-to-date funeral car to their already splendid equipment will make this popular firm one of the best equipped undertaking firms in north-eastern Kentucky.

MYERS AND ORNE CASES TRANSFERRED

Local witnesses in the cases in Federal Court against D. H. Myers and John S. Orne have been notified that the cases have been transferred from Cynthiana to Covington and instead of being tried at Cynthiana on July 18th, will be tried at Covington on August 5th.

UNION SERVICES

The union church service for next Sunday evening will be held in the Third Street M. E. Church. The Rev. John Burroughs will preach the sermon.

WINTER COAL WILL BE RATIONED HOUSEHOLDS

Only Enough Fuel For Comfort to Be Allowed in Order to Prevent Threatened Shortage Next Winter.

Washington, July 7—Rationing of coal to householders was announced tonight by the Fuel Administration as among plans designed to prevent a threatened shortage of coal next winter.

Each domestic consumer will be allowed only as much coal as is found to be absolutely necessary to heat his home to 68 degrees, provided every conservation rule has been obeyed. The allowance for each householder the administration said, will be sufficient for comfort, but "the thoughtless and wasteful consumer who finds his allowance gone before the end of the winter, will have only himself to thank if he has no fuel with which to heat his home." The Administration plan involves a department of coal allotments in connection with each local Fuel Administrator's office and this system now has been completed and will be put into operation at once. Each order for coal will be censored by comparison with the rating of the house where the coal is to be used. All doubtful fuel cases will be carefully checked up by inspecting the house in question and surplus coal when ordered will be refused.

All consumers who have obtained a quantity of coal in excess of their allotments or who by deceit or misrepresentation have violated any rules of regulations of the Fuel Administration will be prosecuted.

MELONS TOMING DOWN

Homeowners noticed that on Saturday the price of cantaloupes dropped considerably in Maysville and those melons which have been selling for fifteen cents each were offered for ten cents. The time for home grown melons will soon be here and indications are that there will be a very good crop and prices will be very reasonable.

ELKS DO NOT PLAN TO MOVE HOME

A report was circulated here the latter part of last week that the Maysville lodge of Elks had leased the R. K. Hoeflich home in the East End and would make of it a club house. This report was denied however by officers of the lodge when asked about the report. This home would make a splendid club house for any organization.

MAYSVILLE HAS GOOD STREET CAR SERVICE

Among the many many things complimented by the Chautauque people was our splendid street car service. During the Chautauque the street car company certainly did their best to care for the large number of people using their cars and the crowd was handled nicely and without the least bit of friction. There are very few cities in the whole country that can boast of such a street car service as the city of Maysville now has.

OHIO PEOPLE ENJOYED CHAUTAUQUE

The Maysville Chautauque was enjoyed by a large number of Ohio people. Many of them owned season tickets while many more purchased single admission tickets. Our Ohio neighbors are taking advantage of such opportunities and with a good night ferry operated by Cap. "Smoky" Shelton they are able to reach here and return to their own side of the river in good time. It is likely that a very special effort will be made next year to sell Chautauque tickets to Ohio people.

Private Sam Ennis of Camp Taylor, is spending a short furlough with relatives and friends here.

Economize!

On everything and save every cent you can. This is no time for waste or extravagance. The Government will continue to need your financial assistance. Be prepared to do your full part as long as the war lasts. Don't waste anything and you won't have to be a "slacker" when the calls come.

If you need our assistance, come in and get it. We are anxious to serve everybody that is helping the Government.

CHAIRMAN HAYS

The selection of Hon. W. H. Hays to be chairman of the Republican national committee is indeed a fortunate one. Every act done or word uttered by Mr. Hays since he became chairman has been wise and prudent. Let us hope he will be listened to in the councils of the party. There is one aspect of his politics that is certainly assuring—he is for standing by the president, through thick and thin, until the horrible war is past. In that he shows his real Republicanism. And further than that, he is no benchman's politician. He is not a Republican for the offices, but for the patriotic purposes of the party and for the whole manhood of which it is composed. Whatever victory he helps win will be a worthy victory, and whatever defeat he suffers will be a sacrifice to the country.

America is thrilled by the exploits of her troops on the Marne. She will keep her enthusiastic feelings, and after the war is over will tell them to the marines.

NEWSPAPER ETHICS

(Roanoke, Va., Times)

Would that all who are or have been in the habit of sneering at newspaper ethics—or, rather, at what they are pleased to consider a lack of it—could have been in the congregation at the Park Avenue M. E. Church in New York on Sunday morning and listened to the masterful address delivered on this subject by Dr. James Methvin Lee, director of the department of Journalism of New York University. The point was made by the speaker that ethics with newspapers, as with men, is largely a personal matter. "Gentlemen are not exempt from wrongdoing," said Dr. Lee, "but they are always ready to make amends when they discover that they have done wrong." He declared that there is one sermon that is preached over and over every day by the newspapers of the country, and it is based on the text, "The Wages of Sin is Publicity." That newspaper men are not so eager to publish sensational news as some people believe, he illustrated by recounting the story of a Chicago city editor who, upon receiving details of the misdeeds of a prominent local clergyman, decided to withhold the story and avoid creating a sensation on obtaining the clergyman's promise to retire quietly to a farm and stay out of the pulpit. The story, to his certain knowledge, has never appeared in print from that day to this, said Dr. Lee.

A great problem now facing the editors of the country is whether to publish what the people want or what they ought to have. There are dangers attending either course. The editor who gives space to the sensational and nauseating stories are so eagerly drunk in by an amazingly large number of persons will get a large street circulation temporarily, but we will find when too late, that he has lost the patronage and friendship of right thinking, self-respecting men and women. On the other hand, the editor who is guided by straight-laced Puritanical standards in passing on what "copy" should be allowed access to the composing room in running the risk of turning out a dull, uninteresting, prosy sheet that few will take the trouble to read. The only safe rule is to seek out the golden mean of which Horace sang. The man who edits a newspaper should be neither a prude nor a rake. A saint would make as big a fizzle of the business as a devil. He who would succeed in fullest measure in the task of making a newspaper that will win and hold the favor of the great masses of the people must be a man of the strictest integrity, yet broad enough to understand and sympathize with the many who suffer from one or another of the many forms of human frailty to which man is heir.

Those whose habit is to decry what they term the sensationalism of the press would do well to remember that the great majority of the fourth estate are imbued with a sincere desire and purpose to do their work conscientiously and faithfully and they strive diligently to get at the exact facts, that they may do no man an injustice. The power of the press is great, but to their credit be it said, there is on part of most of the men who make up the staffs of American newspapers no disposition whatever to abuse it. The ethics of the newspaper craft will stand comparison with those of any other in the land.

A good road survey must be made if the road is built as cheaply as possible.

There is not such a shortage of labor but there is a shortage of men who want to work.

SMALL BOY CHARGED WITH MONEY THEFT

Colored Boy Is Said to Have Killed Cash Drawer of Grocery Store While Owner Was in Adjoining Room.

The police are looking for George Tipton, a small twelve-year-old colored boy, who it is charged, stole some money at the Harrison Grocery on Fourth street yesterday morning and was caught in the act by Mr. Harrison but who escaped from him and has not yet been located by the police.

It is said that on three different occasions heretofore money had been missed from the cash drawer at the Harrison store. In each instance the money had been stolen in the morning and while Mr. Harrison had gone into an adjoining room to get something purchased by customers who followed him into the adjoining room and left the main store room vacant.

Yesterday morning, it is said Mr. Harrison returned to the main store room and found the small colored boy in the cash drawer but before he could get to him he had made his escape.

Young Tipton has figured in several

Police Court cases in the past and will be taken before Juvenile Judge Purnell on this charge when apprehended.

RECORD COAL PRODUCTION IN WEEK ENDED JUNE 15

Preliminary reports of bituminous coal production for the week ended June 15, received by the United States Fuel Administration from the Geological Survey, establish a new high record for a week's production. The output of soft coal (including lignite and coal made into coke) is estimated at 12,571,000 net tons, an increase over the revised production figures for the preceding week of 170,000 tons or 1.4 per cent and over the corresponding week of 1917 of 1,137,000 tons, 10 per cent.

The average production per working day is estimated at 2,095,000 net tons, as against 2,067,000 net tons during the week of June 8, and 1,906,000 net tons during the week ended June 15, 1917.

Increased production is shown in Central Pennsylvania, of 4 per cent.; Tennessee and Kentucky, 5 per cent.; Alabama, of 5 per cent. Material decreases occurred in the Pittsburgh and Parhandle districts and in Ohio. In

MASSACHUSETTS NURSE

Tells Women How to Get Strong

Greenfield, Mass.—"I am a nurse and the grippe left me in a weak, rundown condition with a cough—my friends asked me to try Vinol. I did so and it has built up my strength so that I am in perfect health at the present time and I am recommending Vinol to others."—Mrs. F. M. Locke.

There is no secret about Vinol—it owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building and strength creating tonics. We strongly recommend Vinol.

John C. Pecor Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

the former fields 10 per cent. less coal was produced than during the previous week, and in the latter fields, 7 per cent. less.

Anthracite shipments during the week ended June 15 amounted to 41,960 cars, as against 40,754 for the previous week, representing an increase of 1,206 carloads, or 3 per cent.

Are the Packers Profiteers?

Plain Facts About the Meat Business

The Federal Trade Commission in its recent report on war profits, stated that the five large meat packers have been profiteering and that they have a monopoly of the market.

These conclusions, if fair and just, are matters of serious concern not only to those engaged in the meat packing business but to every other citizen of our country.

The figures given on profits are misleading and the statement that the packers have a monopoly is unsupported by the facts.

The packers mentioned in the report stand ready to prove their profits reasonable and necessary.

The meat business is one of the largest American industries. Any citizen who would familiarize himself with its details must be prepared for large totals.

The report states that the aggregate profits of four large packers were \$140,000,000 for the three war years.

This sum is compared with \$19,000,000 as the average annual profit for the three years before the war, making it appear that the war profit was \$121,000,000 greater than the pre-war profit.

This compares a three-year profit with a one-year profit—a manifestly unfair method of comparison. It is not only misleading, but the Federal Trade Commission apparently has made a mistake in the figures themselves.

The aggregate three-year profit of \$140,000,000 was earned on sales of over four and a half billion dollars. It means about three cents on each dollar of sales—or a mere fraction of a cent. per pound of product.

Packers' profits are a negligible factor in prices of live stock and meats. No other large business is conducted upon such small margins of profit.

Furthermore—and this is very important—only a small portion of this profit has been paid in dividends. The balance has been put back into the business. It had to be, as you realize when you consider the problems the packers have had to solve—and solve quickly—during these war years.

To conduct this business in war times, with higher costs and the necessity of paying two or three times the former prices for live stock, has required the use of two or three times the ordinary amount of working capital. The additional profit makes only a fair return on

this, and as has been stated, the larger portion of the profits earned has been used to finance huge stocks of goods and provide additions and improvements made necessary by the enormous demands of our army and navy and the Allies.

If you are a business man you will appreciate the significance of these facts. If you are unacquainted with business, talk this matter over with some business acquaintance—with your banker, say—and ask him to compare profits of the packing industry with those of any other large industry at the present time.

No evidence is offered by the Federal Trade Commission in support of the statement that the large packers have a monopoly. The Commission's own report shows the large number and importance of other packers.

The packers mentioned in the statement stand ready to prove to any fair minded person that they are in keen competition with each other, and that they have no power to manipulate prices.

If this were not true they would not dare to make this positive statement.

Furthermore, government figures show that the five large packers mentioned in the report account for only about one-third of the meat business of the country.

They wish it were possible to interest you in the details of their business. Of how, for instance, they can sell dressed beef for less than the cost of the live animal, owing to utilization of by-products, and of the wonderful story of the methods of distribution throughout this broad land, as well as in other countries.

The five packers mentioned feel justified in co-operating with each other to the extent of together presenting this public statement. They have been able to do a big job for your government in its time of need; they have met all war time demands promptly and completely and they are willing to trust their case to the fairmindedness of the American people with the facts before them.

THRESHING IS TAKING TIME OF THE FARMER

Crop Conditions Continue Good Through Mason and Adjoining Counties — Wheat Grading Well — Growers Await Government's Announcement.

During the past week the farmers of this section of the country have been paying the most of their attention to the threshing of grain. Weather conditions have been fine for the threshing and all of the farmers have been able to do much work in the fields with the result that their work is being caught up with very nicely and they can feel that things are moving as they should. The rains of the first of last week were such that all of the tobacco setting and transplanting is now done throughout this and adjoining counties.

The tobacco has received plenty of rain and is reported to be doing fine. The corn is looking well and prospects for a good corn crop were never better if there is not too much dampness later and the fall does not become severe too soon.

Hay is on in full blast in some parts of this and adjoining counties and while there is plenty of weeds in the meadows the farmers report that they will have a good hay crop much better than they put away last year. Much of the hay will be stacked in Mason county and left out.

Wheat is said to be threshing out well and while in some parts of the county the first of the week when the threshers started out the wheat

was too damp for threshing, the heat of the sun has since put it all in good condition and it is expected that threshing will now continue for weeks or until all of the grain is ready for delivery.

The farmers are taking much interest in the announcement of County Food Administrator Cochran made in Saturday's papers in which he advised them to hold their wheat until the government's new proposition is announced. The great majority of them had not made any arrangements for the delivery of their grain and they will take Mr. Cochran's advice and await developments.

The matter of screening the grain which was discussed at a meeting of the grain growers held here Saturday week is proving a question with the growers when they come to thresh but reports are to the effect that the most of the farmers are having their grain screened so that it will grade well and reports are that it will grade well.

Little activity in stock is reported over Mason county during the past week and no land deals of any consequence have been reported.

TWO ESCAPE FROM BRACKEN SHERIFF

Two men arrested by the Sheriff of Bracken county on a charge of stealing brass escaped from that official Tuesday night and made their way in this direction. The local police have been asked to be on the look out for them but no trace of them has been found here. Two women who were with the alleged brass thieves were released by the Bracken authorities and came to this city where they caught a fast train for Portsmouth, Ohio.

Why not try a Ledger Want Ad?

"SHOCK TROOPS" HOLD HARVEST LINE

They Are Leaving Cities and Towns to Aid Farmers in Shocking Their Wheat.

Washington—"Shock troops" are busy in American wheat fields, as well as on the western battle front. When the German war lords command an advance at any cost, shock troops are sent forward to buy yards of ground with thousands of lives, but the American agricultural "shock troops" advance in a different manner. They are town men who have volunteered to help farmers cut and shock their wheat, and thus are doing their part in making the battle line firm.

Here are two instances, reported to the United States Department of Agriculture, of how towns and cities are helping to meet the need for harvest workers on American farms:

A South Dakota county has organized all its towns. When labor is needed all business places close early and the town men go in automobiles to every quarter of the county. When they come to fields cut but not shocked, they get out and shock, and then proceed to other fields needing them. They don't talk about pay or who is doing the work. "If the farmer wants to donate the money which he would spend for labor to the Red Cross that is his business," says a letter from South Dakota, "and I think that is where most of the money will go."

"Shock troops" are cutting and shocking wheat in Warlick county, Ind., also. Volunteer business men, clerks and laborers in the towns finish their town work and then are taken in automobiles to help the farmers. In one evening forty men shocked more than eighty acres of wheat.

These forces have been organized through cooperation of farm help specialists of the United States Department of Agriculture, county agents, county councils of defense and other bodies.

DEMONSTRATION WAS WORTH WHILE

The War Food Demonstration conducted by the experts from the Home Extension Department State University under the auspices of the Woman's Committee C. N. D. is over after four most interesting and successful days. These ladies Mrs. Harbeson of Shelbyville, Ky., and Mrs. Politt of Princeton, Ky., showed us how to can and dry vegetables and fruits, cook, bake and make cottage cheese, not only in a way that would have elicited Mr. Hoover's warmest approval, but in a way that would have tickled his palate as well. Only war substitutes were used, wheat, rye, sugar and lard being refused admittance on any pretext whatever. Certainly the war has accomplished at least this much, the development of a new field of cooking should give variety to our menus long after the war has become new history. So much interest was aroused, the hope is held out that the demonstration may be repeated before the summer is over, when it will larger audience may be benefited.

On Thursday one of our Mason county women, Mrs. Will Fox of Maysville, demonstrated the manufacture of a delicious cream cheese, the production of which is being urged by the government in the interest of conservation, health and economy.

WORK BEGINS ON POLICE HEAD-QUARTERS

Contractor Cleveland Smart and his force of men began work yesterday at making changes at the police headquarters. The office will be extended across the entire width of the Courthouse and one room will be used for committee and other private meetings while it will also come in good use for the police department as Chief Ort often feels the need of a private office. Contractor Smart will rush the work and have it complete in a few days.

Only two best kinds of corn

Green corn on the cob and—
Post Toasties

HE WHO FIGHTS ALSO SAVES

With the view of reducing to a minimum all of the waste in the Army the Quartermaster General has established a new Division of Conservation and Reclamation. The aim of this division will be to prevent all food waste in the Army and to reclaim and salvage all worn-out and cast-off material.

No restrictions will be placed upon the amount that our soldiers may eat; but much of the food will be saved that was formerly lost through carelessness. Each organization of the Army, which conducts a "mess," will be required to separate and classify kitchen waste produced in the preparation and serving of each meal, so that it can be disposed of most advantageously. The Division of Conservation and Reclamation, cooperating with the Food Division of the Medical Department, will interest itself especially in the storage of food and in the reduction of wastes.

Further, it will have active charge of farming and garden operations for each camp and cantonment. The produce raised will be used in rationing troops and providing animals with forage. Men fit for active duty will not be required to assist in this agricultural service. The Quartermaster General of the Army has a much more efficient plan, inasmuch as this work will be done chiefly by interned aliens, enemy prisoners, conscientious objectors, and military prisoners. Best of all, enlisted men physically unsuited for service overseas or partially disabled will likely be assigned to this agricultural work. The Quartermaster General believes that after a few months of outdoor work many of these men will so improve physically that they will become fit for transfer to fighting units. Thus, the Army will reclaim men as well as materials and supplies.

In addition, the conservation and reclamation division of the Quartermaster Corps will have authority to operate laundries and provide a uniform method of turning over clothing, shoes, and articles of equipment by unit supply officers for repair, dry cleaning, or disinfection.

The boys at the front and at camps and cantonments in this country are setting a pace in conservation which those at home must strive mightily to equal. What will the home folks do? The men crippled in fighting our battles, the women widowed for our freedom, the children orphaned to make the world safe for future children, they are the ones who stretch their hands to us across the seas. Our boys are answering these appeals, not alone by fighting for them, but by saving for them. Is not this action of our soldiers an inspiration for redoubled efforts toward saving on the part of those at home?

MORE POULTRY AND EGGS ON THE WAY

Four district men and thirty-six State leaders, all trained poultry specialists, are carrying out the Department of Agriculture's program to secure large increases in poultry and egg production this year. In addition to these workers there are eleven extension poultry club men who are encouraging more efficient poultry production among the boy and girls in their various States. Recent reports from these poultry extension specialists indicate that normal production will be maintained in practically every section of the country this year, in which they are working, and in many localities an increase over previous years is expected. The appeal made by the department specialists to city people to increase food production by utilizing their table scraps in feeding small backyard flocks of hens is meeting with marked success.

THE COLLEGE OF AGRICULTURE OPENS ON OCTOBER 11

In its efforts to help win the war, the College of Agriculture of the University of Kentucky has arranged to condense its course, opening on October 14th instead of September 9th, and closing next spring on April 18th instead of continuing until June as usual.

This is done so that young men who wish to attend may remain on the farm during the busy fall season and return in time to assist in putting in the crops.

In order to accomplish as nearly as possible the usual amount of college work in the shortened year, Saturdays will be utilized for class work and other holidays will be reduced to the minimum.

"GOVERNMENT PRICE" INTERPRETED

In order to clear away any misunderstanding that may have been caused by use of the words "government price" in connection with coal supplied railroads, and explaining that any shipper may sell coal for less than the government price, the United States Fuel Administrator Harry A. Garfield, has issued the following statement:

"It is represented to me that a misapprehension has arisen in certain quarters as to the meaning of the words 'government price' used in the press notice issued by the Fuel Administration and approved by the Director General of Railroads on May 24th. The government price for coal are maximum prices, and it follows, as a matter of course, that any consumer, including the railroads, may purchase for less than the government price, provided it is mutually agreeable. The preferential car supply has been discontinued and will not be a consideration of the contract or understanding.

"H. A. GARFIELD,
"United States Fuel Administrator."

Everybody knows that the roads can not be maintained under existing conditions without more revenue.

ARE YOUR KIDNEYS WELL?

Many Maysville People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Weak kidneys remove impurities. Weak kidneys allow impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles.

If you are nervous, dizzy or worn out.

Begin treating your kidneys at once.

Use a proven kidney remedy.

None endorsed like Doan's Kidney Pills.

Recommended by thousands.

Proved by Maysville testimony.

W. H. Lynch, shoemaker, E. Third St., says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieving me." (State given January 9, 1912.)

"TROUBLE NEVER RETURNED"

On November 14, 1916, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me."

Mr. Lynch is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills.

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Lynch had—the remedy backed by home testimony. 50 cents at all stores. Foster-McIlburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

COLORED LAD CHARGED, WITH ROBBERY ARRESTED

Small Boy Who is Alleged to Have Robbed Cash Drawer in Grocery Store Will Face Juvenile Judge.

The police early this morning arrested George Tipton, small colored boy living on East Fourth street, who is charged with robbery in connection with the recent missing of money from the cash drawer of the Harrison grocery store.

It is charged that young Tipton has several times recently been guilty of rifling the cash drawer at this store but only a few mornings ago he was caught in the act by the proprietor. It seems as though Mr. Harrison went into a room adjoining the main store room to wait on a customer leaving no one in the main store room. He returned in a very few minutes and saw the young colored boy in the cash drawer with money in his hands. He was caught and the money taken from him but escaped before he could be delivered to the police.

Since that time the lad has been hiding from the police but before day light this morning the officers went to the home of his parents and found the youngster in bed. He was removed to the county jail and will be taken before Juvenile Judge Purnell on a charge of robbery. This is about the third time young Tipton has been in Juvenile Court and he will likely this time be given a sentence in the School of Reform.

YESTERDAY'S RESULTS

Mayor Thomas M. Russell is in receipt of a letter from the Mississippi Valley Improvement Association asking Maysville for a fifty dollar donation toward a fund for the improvement of the Mississippi river for transportation of freight.

Private Clay Wood returned to Camp Taylor yesterday after spending a short furlough with relatives and friends here.

EXAMINATION OF NEWLY DRAFTED MEN ORDERED

Local Boards Ordered to Call Up For Physical Examination the Men Registering Last Month—May Soon Be Called to Service.

State draft executives were directed by Provost Marshal General Crowder Saturday to have local boards call up for physical examination immediately all new registrants under the selective draft law who have been placed in Class 1.

District and local boards and medical advisory bodies will be instructed to speed their work so as to have new Class 1 men available for call to the colors in August.

Draft executives were also asked to report at once the approximate number of registrants brought into Class 1 from the deferred classes by the recent combing out and rectification of those classes under the work or fight order.

It is estimated that a very large percentage of the nearly 800,000 men who registered last June 5 will go into Class 1, since relatively few men just attaining 21 have dependents.

Moving-picture players are classed as "legitimate theatrical performers" in an order announced Saturday by Provost Marshal General Crowder and draft boards are directed to consider such players, musicians and all skilled persons employed in creation and presentation of moving-picture productions as engaged in productive employment.

REPORT THAT FLAGS WERE DESTROYED

The police are investigating the report that a few evenings ago a young man living in the East End tore two American flags from the hand of an inmate of the County Infirmary while she was on her way east on Forest avenue and broke the flag staffs. If the facts can be established it will go rather hard with the young man for his pranks.

VEHICLE IS REQUIRED TO REGISTER

Ed Weber, the young man from the West End taken into custody by the police Friday evening on a charge of having failed to register for military service under the selective service act, was brought before the local board for Mason county Saturday and after a hearing and thorough investigation, the young man was required to register.

STABLE DESTROYED BY FIRE

A stable belonging to Mr. Andy Hoover, of the Moransburg neighborhood, was destroyed by fire last Friday night. Quite a bit of harness and farming implements were destroyed by the fire as well as a young bull which Mr. Hoover valued very highly. There was \$500 insurance on the building and contents but it will not cover the loss.

SHEARWOOD DAULTON

In yesterday's Cincinnati Enquirer there is published a marriage license of Mr. Lee G. Daulton, aged 21, who gives his home as Maysville and Miss Ada Shearwood, aged 21, of Cincinnati. They were granted marriage license at Newport. Mr. Daulton is the son of Mr. and Mrs. Ernest Daulton, of Cincinnati, formerly of this city.

MRS. MAINS IS IMPROVING NICELY

The many friends of Mrs. C. L. Mains, of Minerva, who underwent a serious surgical operation at the local hospital last week, will be very glad to know that she is getting along nicely and it is expected she will be able to be removed to her home about Wednesday.

74 DRAFTEES GET ORDERS TO ENTRAIN SOON

Number of Drafted Men Going to Ft. Thomas on July 15th is Increased at Last Minute—Names of Men Announced and Orders Mailed.

Seventy-four Mason county men will go to Fort Thomas on Thursday, July 18 instead of 56 as was at first announced. The Mason County Exemption Board announced the increase in the number of men late Saturday and at the same time they announced the names of the Class One men whose notices to report for entrainment here on that date had been placed in the mails. The most of these men will not receive their notices until this morning but they will immediately make preparations for leaving for camp.

These seventy-four men were selected from Class One as being absolutely fit perfectly. There is no defect for all men going to Fort Thomas must be ready for immediately entering the ranks. Class One now only contains a few men slightly defective physically who will be sent to Camp Zachary Taylor on the next call for that entrainment and who there will undergo operations in the base hospital to make them fit for service aside from the last registration and those men who have been moved up into Class One from deferred classifications.

The men called by the local board Saturday follow:

James W. Grimes.
Henry Gill.
Ben K. Otto.
Jacob Weissman.
Peter Fritsch.
Hugh B. O'Neal.
Joseph Gill.

Sam Middleman, Maysville's junk dealer, Front street, has signed another contract for five hundred tons of scrap iron. He will pay 90 cents per hundred, delivered, for all grades, premium subject of more to grade and quantity. Also is interested in scrap rubber, metal and especially rags.

OUR COLORED CITIZENS

Miss Anna Kidd of Mt. Sterling, and her sister, Mrs. L. H. Tipton of Fifth street have returned to their home after a pleasant visit with relatives at Pittsburg, Pa. and McKeesport, Pa.

RECENT BEEF ORDER IS MODIFIED SOME

To Save Spoilage the State Food Administrator Modifies Stringent Ruling.

County Food Administrator Cochran Saturday issued the following notice to hotels, restaurants, boarding houses and other public eating places:

The regulations on the serving of beef at public eating places, which were issued on June 17th, and which limited the use of carcass beef to four meals per week, has resulted in immediate conservation and permitted the Government to purchase substantial amounts of the beef required for export.

It now develops that the schedule prescribed at that time would cause spoilage through left over wastes, in some parts of the country. The Food Administrator and the Hotel Division, therefore issue, in lieu of previous beef orders, the following rule:

1. All public eating places and clubs are permitted to serve beef, roast, boiled, or stewed, or steaks, one meal per day, with the understanding that the by-products consisting of Hearts, Tongues, Tails, Livers, Heads, Tripe, Feet, Harrel Beef, Potted Beef, Beef Loaf, Chilli Con Carne, Beef Trimmings, Bologna, and Frankfurters, may be served at any time.

2. In the State of Kentucky the mid-day meal from 11 to 2 o'clock will be considered the meal in which beef may be served.

3. This rule will be enforced on and after July 6th, 1918, until further notice.

W. D. COCHRAN,
Mason County Food Administrator.

HE'S AMBASSADOR TO RUSSIA SLAIN

General Count von Mirbach, German Ambassador to Russia, has been assassinated at Moscow, according to a Berlin report. Two persons were involved in the crime.

Two unidentified men asked for an audience with the German Ambassador Saturday morning, then attacked him, wounding him with shots from a revolver. They followed this by throwing grenades. Von Mirbach died almost immediately. The assassins fled and have not been arrested.

GOVERNMENT PICTURE TO BE SHOWN IN MAYSVILLE

The management of the Gem Theater has contracted for the Federal Department of Public Information's great picture feature, "Pershing's Crusaders". This great feature will be shown at the Gem on Saturday, July 20, and as it is a government picture and the federal officials want all of the public to see it there will be no war tax charged.

QUARTERLY COURT IS POSTPONED

Today is regular Quarterly Court day but court has been postponed until next Monday because of the absence of County Judge H. P. Purnell from the city. Judge Purnell and the County Commissioners are in Frankfort today on business in connection with the co-operation of the state road department in the improvement of certain pikes and roads in Mason county.

POLICE COURT

In the local Police Court Saturday afternoon Maggie Jones and Little Cheeks, two colored damsels, were fined one dollar and costs each on charges of disorderly conduct.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and painful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 6th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

O'NEAL WILL REMEMBER MAYSVILLE'S RED TAG

"Happy" O'Neal, a prominent and popular resident of Augusta, who came to Maysville Friday night to hear Irvin Cobb, returned to the west end of the city to see that his automobile had been red tagged. He immediately reported to Police Sergeant Mackey but some of his friends had bent him there and had posted the Sergeant. O'Neal was put through "the third" and almost sweat blood under the Sergeant's questioning until his friends stepped in and the laugh was started on him. He hurried from the office and treated the whole bunch.

REPORT FROM CLEVELAND BOARD IS AWAITED

The Exemption Board of Mason county has postponed action on the case of Wilhelm Greb, Austrian, arrested here Saturday who has not in his possession his classification card, until they hear from the Cleveland, Ohio, board with whom Greb is registered. The local board has asked the Cleveland board to advise them as to whether or not Greb has been classified or whether they have lost him and are looking for him.

JUDGE FRYER TO WED

A press dispatch from Lexington dated Saturday says that a marriage license was granted there to Judge L. P. Fryer, of Falmouth, and Mrs. Eva Bradford, of Butler, Ky. Judge Fryer is Circuit Judge in the Falmouth district and recently presided over the Mason Circuit Court for the trial of a couple of cases in which Judge Newell was disqualified. While in Maysville Judge Fryer made many friends who join us in extending hearty congratulations.

CARD OF THANKS

We desire to express our sincere and heartfelt thanks to our relatives, friends and neighbors for their kindness shown us in the sad bereavement and loss of our dear son and brother, David I. Cundy.

We especially wish to thank the donor of the beautiful flowers, Rev. Bailey, Hayswood Hospital, Mr. Bruce Moore and Mr. Eneas Myall for the efficient manner in which he conducted the funeral.

THE BEGRIEVED FAMILY.

LOCAL SOLDIER ON LOUISVILLE PROGRAM

A great Fourth of July celebration was held on the nation's birthday at the base of the Jefferson monument in Louisville by which the soldiers from Camp Zachary Taylor took part. The opening prayer and the benediction were given by Sergeant Robert Robert Lee Straus, of this city who is now stationed at Camp Zachary Taylor. The chief address was delivered by Judge Shackelford Miller.

Miss Anna King accompanied by her niece, Miss Marie Duzan and Miss Elizabeth Calvert will leave today for Ruggles Campgrounds for a month's sojourn.

Lieutenant D. E. Fee, of Camp Greene, Charlotte, N. C., is spending a few days furlough with his family here.

Hall's Family Pills for constipation.

Ruggles Camp Meeting

Meeting will be held from July 25th to August 4th. District Superintendents W. H. Davenport and E. R. Overley will have charge. Ministers of the Ashland and Cuyahoga districts will preach during the meetings. Rev. T. Howard Jones, D. D., of First M. E. Church, Ashland, will have full charge of the evangelistic services. Rev. E. R. Overley will conduct the young peoples' meetings; Mrs. John Chapman the children's hour; Miss Helen C. Triplett, professor of music in Union College will be musical director; Miss Lela McFellman, a noted pianist of Middletown, Ohio, will be the accompanist; J. H. Richardson, cornetist. Hotel and confectionery will be run by the Board with J. B. Hinton as superintendant. Higher privileges will be let on the Fourth of July at the camp. Those desiring cottages or room will call upon or write L. M. Lane, Maysville, Ky. Mr. Lane will be upon the grounds from July 3rd until the meetings are over, and can be seen or written to there during that time.
Address L. M. LANE,
Epworth, Ky.
